ApplicantHQ is a powerful web-based Applicant Tracking System (ATS) designed to streamline the hiring process.

A screenshot of the ApplicantHQ web application interface. The left sidebar shows navigation options: "APPLICANT TOOLS" (Job Search, Calendar, My Jobs (3), My Documents) and "ADMIN TOOLS" (Applicant Search, Manage Jobs, Interview Streams, Manage System, Manage Users). The main area is titled "MANAGE JOBS" and contains a table of job listings. The table has columns for Status, Date Posted, ID, Title, Location, Position Type, Position, Last Updated Date, and Last Updated By. There are "New Job" and "Copy Job" buttons at the top of the table.
